Celebrating 50 Years

WITH SIGNIFICANTLY BETTER SAVINGS

A milestone has arrived at Sigma 3 Kitchens. 2025 is the year in which we celebrate our Golden Jubilee.

We're a second-generation family run business that was established in 1975 by Brian Lakin, who began by making kitchens for friends and family out of a barn in Barry, South Wales. We have kept our Welsh heritage. Our 80,000-square-foot factory now employs over 200 people and isn't far away from where we first started. We've recently invested in a new 130,000-square-foot factory that will provide employment and opportunities to our local community. We're environmentally conscious. We only use FSC-certified wood and have a zero-to-landfill policy.

As we reflect on the memories and key moments that have shaped our rich history, we're excited to step back through the ages and provide our customers with **significantly better savings**.

The Sigma 3 Times — A BRIEF LOOK THROUGH HISTORY

Sigma 3 Ltd Founded by Brian Lakin

After leaving school in 1972, Brian began working as a cabinet maker in Barry. His passion grew as he crafted units for family and friends in his parents' garden shed.

With rising demand, he set up a workshop in an old Nissen hut on his uncle's farm. On January 13th, 1975, Sigma 3 Kitchens Ltd was born, starting a legacy in kitchen craftsmanship.

1975

First Premises in Barry

We set up our first home in Barry, combining a furniture production facility with a stylish showroom to showcase our craft.

1976

Expansion to Swansea

We proudly opened our second showroom in Swansea, officially inaugurated by Lord Tony Pandy, George Thomas, then Speaker of the House of Commons.

1982

Opening in Cardiff

With the acquisition of a new showroom in Cardiff, Sigma 3 continued to grow. This space, opened by Ian Kelsall, former Director of the CBI in Wales, marked our presence in the capital.

1983

A New Era of Manufacturing

To keep up with growing demand, we expanded into a larger manufacturing facility in Llantrisant – the very site where our factory thrives today.

1987

Newport Showroom Opening

Amid an eventful year, we opened a new showroom at George Street Furnishers in Newport.

1995

Resilience Through Adversity

A devastating fire impacted our factory, damaging facilities and contents. However, thanks to the resilience of our team and community support, we persevered.

1996

Rebirth in Llantrisant

Just one year later, we celebrated the grand re-opening of our factory, officiated by the then Secretary of State for Wales, marking our recovery and renewed strength.

2002

Expanding with County Kitchens

Sigma 3 acquired County Kitchens in Esher, expanding our reach and offering in a key new market.

2005

The Launch of Masterclass Kitchens

We proudly launched Masterclass Kitchens – a distinctive brand of kitchen furniture that would become a hallmark of quality and innovation in the industry.

2006

Colchester Avenue Showroom Debut

Our latest showroom at The Design Quarter on Colchester Avenue opened its doors, showcasing our commitment to growth and accessibility.

2015

Celebrating 40 Years of Excellence

We marked four decades of Sigma 3 Kitchens with pride, celebrating our history, growth, and commitment to craftsmanship.

2021

A Vision for the Future with £20 Million Investment

Announcing an ambitious £20 million investment to expand our buildings, facilities, and systems, we accelerated our growth and increased local economic impact. This investment included a 130,000-square-foot state-of-the-art manufacturing facility in Bridgend, South Wales, featuring advanced automation, new equipment, and improved business systems, ensuring Sigma 3 remains at the forefront of the industry.

2024

A Fresh New Showroom in Abergavenny

In a commitment to elevate customer experience, we unveiled a brand-new showroom location in Abergavenny, setting new standards for our industry.

2025

Celebrating 50 Years of Making Dream Kitchens

As we reach our golden anniversary, we celebrate 50 years of manufacturing dream kitchens. With half a century of dedication, we look forward to continuing our legacy of quality, innovation, and customer satisfaction.

After having a couple of people in to look at our kitchen we stumbled upon Sigma. The designer, Melina who came out to look at our kitchen was not phased at all by my idea of incorporating a massive square pillar into a large island. She listened to all my needs and wants, and came up with an amazing design that didn't need tweaking at all. The whole process has been great. The fitter Chris was meticulous and professional and the kitchen looks amazing. It has transformed a rather big room with a pillar in the middle into a sleek attractive kitchen with lots of storage.

We Loved the Kitchen from the Moment We Saw it in the Showroom

We loved the kitchen from the moment we saw it in the showroom. From the beginning to end of the process José supported and advised and could not have been more helpful. Our experience was stress free and really pleased with our beautiful, new kitchen. Craig also helped to make the kitchen fitting phase seamless. We would totally recommend.

Exactly the Kitchen I Wanted

From the first meeting with Barbora at the Abergavenny showroom, I felt that we were working together to produce a kitchen that was exactly what I wanted. The whole team were friendly, approachable, flexible and fun. Karl, their fitter, and his team were superb, as well as very pleasant to have around, and the quality of the finished product is excellent. I'm very happy with the whole experience.

A 5* Service at Sigma 3

A 5-star service at Sigma 3, from the welcome we received at the Culverhouse Cross showroom, Jon the designer, Louise, Ed and the fabulous team comprising Kevin, Greg, Mark and Andy, who completed all the internal building work, electrics and installation of our new kitchen.

We could not fault a thing. The kitchen is wonderful, with every little detail carefully considered and executed to a high standard.

A real winning combination of a quality product and a great team!

Excellent Kitchen from Ollie at Esher Branch

I don't usually write reviews (this is my first), but had to highlight our wonderful kitchen!

Ollie spent time with us focussing on every detail, making sure we got everything beautifully tailor-made for us and the specifics of our kitchen space. It is even better than we thought it would be, and our expectations were high with the detailed plans drawn up.

Ollie was quick to pick up on any questions during the design process and came up with really great ideas. He was also flexible in changing and tweaking the plans to make sure it was perfect for us.

Ralph, the installation manager, was also a pleasure to work with. He visited the site to check everything thoroughly, and discuss the timeline with our builders. Great communication and planning throughout. Glen did a superb job installing the kitchen, making adjustments where needed. And, finally, the kitchen itself - the really excellent quality of units and appliances, much admired by guests.

Thank you for our fabulous kitchen. Much appreciated!

Sigma 3 Kitchens Newport Have Been Wonderful

Sigma 3 Kitchens Newport have been amazing! I'm thrilled with my beautiful new kitchen in Sea Salt.

The whole team have been professional, friendly, polite and do what they say they are going to do. I was kept in the loop the whole time and there were no "hidden" costs. Dave Davies' design has been spot on, he listened to my ideas and incorporated everything I wanted in the final product.

James, the surveyor, has been professional and diligent and provided a detailed schedule of works. Craig and the prep team were friendly, clean and efficient and completed the work in the time window. Dave, the kitchen fitter, was punctual, friendly and meticulous. There was a small snag with my larder door but this was sorted out as quickly as possible by Tim, and Dave the fitter returned to complete the work and it was finished beautifully. It's not the cheapest option available but it was worth paying extra for quality and peace of mind. The kitchen is of premium quality and the cupboards are very well made. It all works so well and has made life much easier with the benefit of being such a joy to look at. Well done Sigma 3 Newport, you're all fabulous!

Newport

Friendly, Professional And Knowledgeable

From start to finish Eleanor, Tony, Dan, Connor and the team were fantastic. Having initially attempted to work with both Wren and Howdens, we were recommended Sigma 3 by some friends and we're so happy we took their advice as they were hands-down better in every department!

We had a strong idea of what we wanted, the layout, colour-scheme, etc. so having created a concept based on our budget, they were able to walk us through other options we could look at or that they would recommend based on our space. In many cases these were actually most cost-effective options, demonstrating they cared more about the customer than simply the sale itself.

Each consultation was warm, friendly and engaging and nothing ever felt like a chore to them. The fitting itself was actually brought forward (instead of the more typical dateline being pushed back) and the work was completed ahead of time.

I would strongly recommend anyone wanting a new kitchen to speak to the team. They made what was starting to feel like a real headache, feel straightforward and now that the work is done. We couldn't be happier :)
