Established 1975 and Made in the UK 

We believe that you shouldn't have to compromise when it comes to your dream kitchen. That's why we are so proud of our heritage; from using second hand machinery to manufacture furniture for family and friends, to now having a 70,000 sq. ft. factory with over 220 staff. It's our attention to detail and passion for what we do that has helped shape our unique and quintessential range of furniture collections.

Award Winning Kitchens

With over 16,000 different cabinet configurations and such a wide and varied range of furniture to choose from, it's no wonder we have picked up some awards along the way.

Choice is at the heart of every Masterclass kitchen design. With 22 ranges, 63 colours and 341 possible options, the journey to creating your dream kitchen begins here...

It starts with a conversation

We only supply our furniture through a network of approved and appointed kitchen specialists, who have the knowledge and skills to ensure you get the very best from your Masterclass Kitchen.

Our studios lovingly create the kitchen design of your dreams - they are your personal design experts. They will listen to what your heart desires, then create a kitchen design that's right for you, your lifestyle and your budget. Masterclass Kitchens are manufactured for each and every one of our customers so it is unique to you and your individual space.

Where memories are made

A kitchen is much more than just a place to cook. It has fast become the heart of the home and the hub of family life.

Whether it's enjoying breakfast on a sunny morning, relaxing with mid-afternoon tea, or catching up on the days events sharing a meal with family and friends, your Masterclass kitchen will create memories that will last a lifetime and we hope they will be good ones.

Don't forget to share your very best memories with us on social media.

With ever changing trends and so many different things to take into consideration, we have carefully set out to create a brochure that is full of inspiration and design ideas, which will allow you to discover your dream kitchen.

To achieve your desired look, let us walk you through a variety of combinations that bring together colour, texture and design elements in ways that will set your kitchen apart. After all, we have spent over 45 years honing our craft and perfecting our range - so rest assured, you are in safe hands.

Within each colour palette, seamlessly move from classic shaker to modern flat slab styled kitchens. You can then move onto selecting the perfect storage and design features for your kitchen from the Signature & Living Collections found at the back of the brochure.

Let's talk about colour...

CHOOSING YOUR PERFECT COLOUR, TEXTURE AND FINISH

Step 1 - Our Warm and Cool palettes offer you the perfect starting point for your journey. Choose to design a neutral scheme by mixing, matching or contrasting your favourite warm or cool tones, or alternatively, style your kitchen using your favourite base colour and then add a statement colour, textured finish, or both to really pack a punch.

Step 2 - Be bold and embrace your favourite statement colour which will add a real sense of flair and excitement into your design and ensure your kitchen stands out from the crowd. A perfect way to personalise your new kitchen and living space.

Step 3 - Finally, choose to add another dimension to the kitchen by introducing a textured element to the design such as stone, marble, timber or a metallic effect finish, which will add a real sense of glamour to the project. A number of these are also available as matching work surfaces, splashbacks and upstands, as shown in the range finder at the back of the brochure.

Step 3

The Media Centre

Add a sleek media unit to your open-plan living scheme to integrate beautiful storage into your living area. Choose to match or contrast with your kitchen design and create a truly harmonious design.

Speak to your nearest retailer about further personalising your space by adding a Media Centre into your design.

Choose boldy. Why not?

We have taken you on a journey of colour, texture and finish. Along the way, we have explored how to mix and match different shades to create design statements that are personal to you. Maybe you've already found your winning colour combination; was it our Warm Greys that caught your attention, or did you perhaps find yourselves captivated by our Blissful Blues?

There's no need to worry if you haven't yet found the dream combination to stop you in your tracks. The following pages will allow you to view all of our kitchen ranges, from Modern to Classic, as well as the compelling colour and texture options we have available.

Choose your colour. Choose your finish. **Choose Masterclass.**
