# Dream Kitchen Renovations: Edwina's Home Improvements

Set in the quintessential British countryside, Wenvoe is steeped in history and culture. National Trust gardens quilt the landscape, Dinas Powys' Hilfort hunkers amidst trees, and tourists bustle into the aviation museum. The most interesting aspect, though, has always been the people. This is still true.

# Lowri's Picturesque Grey and Blue Kitchen

Living in a newly converted chapel with several young children came with challenges for the Clement family. The family wanted to be sympathetic to the age of the converted chapel, so a traditional style of kitchen was a must.

## High quality product and excellent service

Sigma 3 was recommended by friends who had just had a new kitchen fitted.

From the outset all the staff in the Newport office were helpful and efficient. Katie, the designer, was always very pleasant, welcoming and willing to suggest and discuss new ideas.

James, the surveyor, visited to check measurements and his attention to detail was great.

Nothing was too much trouble for Chris and Gareth, the fitters, who worked tirelessly to install a kitchen with which we are delighted.

Thanks to everyone concerned.

## Excellent company to deal with

From start to finish the whole process was easy and straightforward. The kitchen is built to a high standard and looks excellent.

The design process was great and Katie suggested ideas we wouldn't even have dreamed of which have really made our kitchen the heart of our home.

The install team were all very friendly and professional, nothing was too much for them.

Overall very happy!

## My dream kitchen

I have just had a Sigma 3 kitchen and it is amazing, I would definitely recommend them and you won't regret it. Their design team, especially Joe and James are incredibly friendly and take the time to work with you to design the perfect kitchen. We did some slight changes throughout the project and they were there on hand to help. The quality of the kitchen is perfect and there is so much choice.

The installers Tony and Dale were exceptional, friendly and very experienced. The full sigma 3 team were always there to ensure everything went to plan. We could not be happier, it looks amazing and I now have my dream kitchen. Thank you Sigma 3 we will definitely recommend you to family and friends.

## We would highly recommend Sigma 3

We would highly recommend the Sigma 3 team who did a fantastic job of the design and install of our bedroom furniture. We really appreciate the amount of time and effort that went into this as we live in a cottage with low ceilings/beams/wonky walls and floors so the team had their work cut out for them! Everyone was fantastic, from Katie with the original design, James overseeing the project and the wonderful Arthur who's carpentry work was absolutely fantastic (as was his patience!). We're so pleased with the end result, it's absolutely transformed our bedroom space - thank you!

## Excellent design, expertly executed

Our experience with Sigma 3 has been exceptional from start to finish. We were having an extension built and went to Sigma 3 to get ideas for the kitchen at quite an early stage in the construction work. Lisa, our kitchen designer, listened carefully to what we wanted and had excellent suggestions on layout and appliances. We very much liked the kitchen she designed for us, but it was a bit over our budget so we left it with Lisa and by making subtle changes she managed to reduce the cost for us, while keeping the essence of the original design. During the building work, Lisa came out to our house to check measurements and ensure the details of the kitchen would be right.

Both the Matthew, the installations manager and the kitchen fitter, Chris, did an excellent job and we felt they really cared about getting it right for us.

Finally at the end of the process Lisa came out to see the kitchen and check we were happy.

I would have no hesitation in recommending Sigma 3 for the quality of the kitchen, the professionalism and the excellent communication throughout. We are extremely happy with our new Sigma 3 kitchen.
